

WASTE MANAGEMENT BOARD
SOLID WASTE FACILITIES PERM
10-2-77 (REV. 10/77)

APPROVING AGENCY		COUNTY	PAGE 1 OF 2
Tulare County Health Department		Tulare	SOLID WASTE FACILITY PERMIT NO. 54-AA-009
FACILITY NAME		PROPOSED	
Visalia Disposal Site		3/26/79	
OPERATOR		39WMB APPROVAL	
Tulare County Department of Public Works		5-17-79	
FACILITY LOCATION		ENFORCEMENT AGENCY APPROVAL	
E1/2 Section 5, T.18S., R.24E., MDB&M		8-14-79	

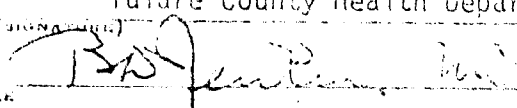

FINDINGS

1. Findings:

1. This facility is an existing (since 1952) 132 acre Class II-2 sanitary landfill in operation prior to August 15, 1977. The site has a remaining life of 10.2 years. The trench landfill method is used below the existing ground surface and the area landfill method is used above ground. The site is accessible from paved roads and disposal areas are accessible by gravel roads. The site receives about 385 tons of solid waste per day including residential, commercial, industrial, demolition and agricultural wastes and triple rinsed pesticide containers. The site is open Monday through Sunday, 9:00 a.m. to 4:00 p.m.
2. There are no proposed changes in the facility's operation which will be implemented within the next 5 years.
3. The design and operation of the site is limited by the Regional Water Quality Control Board, Central Valley Region, Order No. 71-326, and by the Tulare County Special Use Permit M-2 No. 50 (approved by the Planning Commission Res. No. 752 and Board of Supervisors Res. No. 415).
4. The surrounding area is zones AE-40 (Agriculture Exclusive, 40 acre minimum) and is presently used for row crops and occasional rural residents.
5. The facility's design and operation is in substantial compliance with the State Minimum Standards as determined by a physical inspection on January 15, 1979.
6. This facility is consistent with the latest version of the Tulare County Solid Waste Management Plan.

This permit is granted solely to the operator named above, and is not transferable. Upon a change of operator, this permit is subject to revocation. Upon a significant change in design or operation from that described in this permit or in attachments thereto for the existing design and operation of a facility operating immediately prior to August 15, 1977, or from the approved intended design and operation of a facility which was not operating prior to August 15, 1977, or which herein is granted a permit modification, this permit is subject to revocation, suspension, modification or other appropriate action.

This permit does not authorize the operation of any facility contrary to the State Minimum Standards for Solid Waste Handling and Disposal. This permit cannot be considered as permission to violate existing laws, ordinances, regulations, or statutes of other government agencies.

ENFORCEMENT AGENCY		DATE
Tulare County Health Department, Division of Environmental Health		5/26/79
SIGNATURE	TYPED NAME	
	Bowen D. Jenkins, M.D.	
Acting Public Health Officer		213

7. Operations and design immediately prior to August 15, 1977 were as specified in the "Report of Disposal Site Information" dated March 6, 1979. Said operational specifications are hereby made a part of this permit. This permit is consistent with the latest version of the Tulare County Solid Waste Management Plan and with the State Minimum Standards for Solid Waste Handling and Disposal

4. Conditions:

1. Requirements:

- a. The operation and design of this facility must comply with all of the State Minimum Standards for Solid Waste Handling Disposal.
- b. The design and operation of this facility must comply with all federal, state and local requirements and enactments.
- c. Additional information concerning the design and operation of this facility must be furnished upon request of the enforcement agency.

2. Prohibitions:

- a. Accepting waste for which the facility is not approved.
- b. Accepting improperly rinsed pesticide containers.
- c. All scavenging.
- d. Open burning of wastes.

3. Specifications:

No significant change in design or operation from that described in items 1 & 7 of the "Findings" section is allowed, except for those changes which are required under the "Conditions" portion of this permit.

4. Provisions:

1. This permit is subject to review by the enforcement agency and may be suspended, revoked or modified at any time for sufficient cause.
2. Agricultural waste shall be thinly spread, mashed, dried and disced on a daily or weekly basis to prevent production of offensive odors and development (harborage and breeding) of flies and rodents.
3. Self-Monitoring Programs

The following items shall be monitored by the operator of this facility or his agent and records shall be kept and made available to the enforcement agency.

- a. Quantity and types of waste received per day.
- b. Number of vehicles utilizing the site during a specific time period.
- c. Area of site utilized.
